

LONDON PLACE CHISWICK – TWO NEW OFFICES CURRENTLY UNDERGOING FIT OUT FOR LAUNCH IN SEPTEMBER

LONDON PLACE CHISWICK

The fitting out of new ground floor office units is now underway in London Place's property at 500 Chiswick High Road which was developed by Redrow Homes.

London Place are being advised by Clive Sall architects in this matter.

Both offices exemplify the current desire for a convergence between clean modern and cool industrial, featuring state of the art kitchens, bathrooms with showers, air conditioning, bike storage and a fully glazed frontage. The offices themselves are light and airy with an exceptionally high quality fit out. Unit one is 164sqm and Unit two is 190sqm with glazed meeting rooms included.

This prestigious residential and business area is just 5 minutes from two local tube stations and a mile from the start of the M4. Surrounded by other major businesses including AXA and Singapore Airlines as well as premium retail, restaurants and bars, this is a fast-growing business area away from the heart of the city yet benefitting from the excellent transport links as employers offer their staff more of a work / life balance.

The ground and basement below the units are occupied by Snap Fitness, the contract free 24/7 gym which occupiers would be welcome to use.

The offices will be available to rent from September 2018.
