

LONDON PLACE WIMBLEDON PREMIUM UNITS NOW FULLY OCCUPIED: ASSET MANAGER, SOFTWARE DEVELOPER & RECRUITMENT SPECIALISTS

LONDON PLACE WIMBLEDON

London Place's latest development of luxury offices on Hartfield road were all occupied within weeks of being offered.

The offices are located a 5 minute walk from Wimbledon's overground station with a direct train to Waterloo in 15 minutes. Wimbledon village, one of London's most desirable residential areas, featuring many independent shops, restaurants and pubs, as well as Wimbledon Common, is just a 10 minute walk away.

The category A offices varying from 1356 – 1905 sqft have each been designed for optimum space, light and functionality, boasting a spacious office, reception, kitchen, and impressive entertainment area. The units feature floor to ceiling glazing, raised floors, state of the art technology and air conditioning.

Not only are the offices of exceptional quality throughout, with great thought given to ensure every detail from the lighting to carpet choice is superb, their proximity to central London makes them an ideal location – whilst being a little removed from the central London hubbub.

London Place is delighted to have acquired these units from Linden homes and created sought after offices with prestigious occupiers.
